Continental's 2007 Integrator Award Program Takes Place At The Ritz Carlton, San Juan Hotel, Spa & Casino

Continental Access was proud to host its 1st Annual 2007 Integrator Awards Program at the Ritz-Carlton in sunny San Juan, Puerto Rico. Continental Access' top integrators enjoyed a complimentary vacation and got a first hand look at new products. CardAccess 3000's v2.5 was the first hit of the evening. Threat level management, email/pager notification, new holiday calendar, new input, reader and salient DVR features, API integration, file version retrieval and panel screen parameter validation also took center stage.

Continental Sales Managers, all in attendance, demonstrated new badge formats and presented Superterm and TurboSuperterm accelerator boards along with FIPS 201/PIV badge support for CA3000's v2.5 Software and Transportation Workers Identity Credentials. Its VIP integrators got a sneak peak at CardAccess 3000's v2.6 software coming soon. This powerful software features dynamic maps, embedded Linux DVR integration, comprehensive multiple time zone support, central station reporting, archive function as a service, Windows Vista, SQL 2005 and Web Access Client support.

Ask us how you too can share best practice techniques and vacation with Continental's elite-all while profiting from some of the most advanced technology in access control. We hope to see you next year.

About Continental Access

Since 1961, Continental Access has been used from large government facilities, to small private businesses. We offer a comprehensive range of innovative CardAccess® software and access control hardware and readers. Our systems support all reader technologies from Prox to Biometrics. Continental Access offers a comprehensive range of innovative CardAccess software and access control readers, controllers, badging and hardware – creating modular systems from 1 to over 16,000 doors. We provide full factory-certified training and Microsoft Certified, 24-hour Technical Service, attesting to our continuing commitment to quality service. Continental Access is a Napco Security Group Company publicly traded on NASDAQ: NSSC.
